Battle Lines Are Drawn for City's Election

Battle lines are drawn as the city's election races for two commission seats slip into their last week.

Battling it out for the at-large seat are four candidates. Eugene Hardwood and Earl Armstrong are veterans of past city commission wars. Both were defeated by incumbent John Grady who has past up this year's race to shoot for the U.S. Senate seat being vacated by Republican incumbent Ed Curney.

Newcomers to politics, but certainly not to Belle Glade are N.R. Willis and Thomas Altman. Willis, who at a reported 79 years of age is the oldest candidate running, has been in the race almost from the beginning.

Altman surprised everyone by resigning his position with the city and qualifying on the last afternoon to run for the at-large seat. Altman has lived almost all of his life in Belle Glade.

The other race plus incumbent Ralph Kirk against challenger Jerry Roberts. Roberts has also run and lost in city elections in the past.

City Clerk Vera Jones reported there were registered voters in the city. Polling places for the city election will be different from polling places for county and state primaries being conducted the same day.

The only place city voters will be able to cast their ballots will be at the city station on Ave. A.

While the city election will be fairly straight forward and simple, the same cannot be said for the primary elections taking place the same day. There are registered voters in the Glades precincts.

In the U.S. Senate race alone the Democrats will have 11 people to choose from. Malory Horne, Richard Brown and Richard Pettigrew are given

the best chance of making the run-off.

Other Democratic hopefuls are George Baines, David Higginbottom, Duane E. Macon, Glenn W. Turner, Robert Brewster, Burton Young, Bill Gunter and Neal Justin. Of those eight, the two who could give the front runners a battle for the runoff spots are Burton Young and Bill Gunter.

For the 11th District Congressional seat long time Rep. Paul Rogers has drawn token opposition from Robert D. McHain. McHain's only other journey into politics saw him finish third in race for Palm Beach County Sheriff.

Another Democratic horse race has been thrown together for governor. The incumbent, Reubin Askew, has drawn the support of his Lt. Governor, Tom Adams.

Adams has waged a strong campaign through a series of "Dear Reubin" letters which point out the shortcomings of the Askew administration.

Also running a surprisingly strong campaign for the top seat in the state is Ben Hill Griffin. Griffin's running mate for Lt. Governor is his wife, Eleanor. He is running on a platform that the Lt. Governor's position is not needed and he plans to abolish it by firing his wife if he wins.

Norman Rie is the fourth candidate and he is also running with a woman for Lt. Governor, Rosemary McCann.

The Secretary of State Race has drawn four opponents as well. They include Beverly Decker, J.L. McMillan, Don Dier, and Bruce Smathers.

Running for State Comptroller are Napoleon Bryant, Fred Dickinson and Gerald Lewis.

The State Treasurer race has (Cont. to P. 2a)

CONGRESSMAN PAUL ROGERS CHATE WITH SUGAR WORKER MANUEL GARCIA AT MILL TUESDAY

'Government Is Dissolved'

By Jerome Turk and Edward Walsh

PHILADELPHIA, Sept. 5, 1974 — A slender, stooped delegate rose from his Windsor chair in Carpenter's Hall this morning to address a question of voting procedure here at the first continental Congress on its second day.

He looked to us like an aging, weary man, one who had seen many a battle and was now weary of it. He was a small, round-faced man with his small, round-topped spectacles tilted up on his nose. As he started to speak slowly, haltingly, without notes, many of the 44 delegates (and my young colleagues, Walsh, almost giving away our manufactured presence) whispered, "Who is it?"

But when those clear, commanding words began to flow, everyone realized it could be but one man: Patrick Henry of Virginia.

"Government is dissolved. We are in a state of nature, sir!" declared Henry, transfixing the assembly with penetrating eyes and that strange, inspiring half-smile of his.

"The distinction between Virginia, Pennsylvania, New York and New Englanders are no more. I am not a Virginian, but an American!" Henry slammed many listeners with his passionate signaling the end of the present British government in the colonies.

This evening, between tankards of lemon punch laced with too-curling Jamaica rum here at Daniel Smith's elegant New City Tavern, the delegates are still discussing that passionate speech John Jay, the wealthy and conservative young lawyer from New York, fears it could lead to mob rule. Joseph Galloway of Pennsylvania

thinks it dangerous and suspects the wily Adams, Samuel and John of Massachusetts, may have put the Virginian up to it. The Adamses aren't talking, but we believe they're wearing secret smiles behind those poker faces.

Although no one, not even the militant Sam Adams, is breathing the word "independence" here, the Tory sheet, ROYALIST, has warned the delegates, "Your speech may be inconveniently lengthened."

This Congress, to be attended by representatives from 12 colonies (all but Georgia), was called to protest the recent Coercive Acts of the British parliament. These included the closing of the port of Boston following the Adams-inspired "tea party" last Dec. 16.

City Tavern, with its opulent food (Cont. to p. 2a)

Hatton Calls for Unity

"Pledging complete and total support" for all Republican candidates running in the General Election this November, Betty Hatton, a candidate for Palm Beach County U. S. District Court, charged her incumbent opponent had not always supported Republicans in a speech prepared for a Young Republican Club meeting here.

In addition to a record of absenteeism that had the incumbent attending only two state committee meetings during the eight years she has held office, Mrs. Hatton said, "she has aligned herself with a divisive and divisive faction within our party who have openly supported Democratic candidates running against Republicans."

"That's a violation of the by-laws of the state committee and violation of the loyalty oath she signed," Mrs. Hatton charged.

"I will support all Republican candidates in the General Election this fall and I will work actively on their behalf just as I have in the past," Mrs. Hatton told the YRC.

Mrs. Hatton, mother of five and wife of western Palm Beach County produce grower J. Ray Hatton, is making her first bid for an elective office after some 20 years of active volunteer work in Palm Beach County Republican Party politics.

A Palm Beach County native, Mrs. Hatton has been an active community leader in her home town of Pahokee. She is a past president of District 38 committeewoman and is a charter member and officer in the Glades Republican Club.

Campaigning as a "grass roots" candidate with a flair for (Cont. to P. 2a)

Walker Begins Fourth Decade

O'Neal Walker squeaked by Margie Henderson by 19 votes Tuesday night to enter into his fourth decade of service on the South Bay City Commission.

Victorious along with Walker was Donald Tanner, field former for South Bay Growers. Tanner defeated former commissioner Howell Goodbread and political newcomer, Wilburn V. Finley.

In the only other race, Mayor Vernita Cox received 306 of the 373 votes cast running unopposed.

Less than 50 per cent of the registered voters in South Bay turned out to elect three city

commissioners. Only 373 out of 751 registered bothered to go to the polls. Some 50 people were turned away because their names were not on the registration list for one reason or another.

Two incumbents, former mayor John Deaton and commissioner Esther Berry, did not seek re-election for another two year term. Deaton resigned once during his tenure of office, then reconsidered and came back to sit on the commission.

Deaton's resignation came at the time he was mayor. With his resignation Mrs. Cox was elevated from vice mayor to mayor to become the first black female mayor of any city in Palm Beach County.

Tanner's victory over his two opponents was by an impressive margin. By polling 196 votes to 76 for Goodbread and 43 for Finley, Tanner received enough support to escape a runoff.

Walker was first mayor of South Bay back in the 1940's. He served a term as mayor in the 60's and again in the late 60's. By winning in the 70's it makes his fourth decade in a row in which he has seen service on the commission.

"I thought it was a very clean campaign," said Walker after the votes had been counted. "I appreciate this from my opponent."

Walker said his first concern for the city of South Bay would be to improve the streets.

"Our streets are in awful bad shape," he said. "I really hope we can do something about this. But I don't like to say a whole lot of things about what we are going to do because I realize we are working with limited funds."

While streets were high up on his priority list as well, Tanner had a top drawer project which is likely to cause some controversy on the commission.

"First thing we need is a city manager," said Tanner. "Then I'd like to do something about the streets and the park."

The subject of a city manager has been a sore one in South Bay for quite some time. Both Mrs. Cox and Miss Berry were definitely for a city manager. Deaton was on the fence while Woody O'Neal and Neal Mayo, the other two commissioners in South Bay, were definitely against hiring a person to run the city.

With Tanner and Cox for a city manager and O'Neal and Mayo definitely against it, Walker will lead the key vote on the issue.

It was also pointed out after the election that it was going to be quite a confusing city commission as well. Keeping the names straight of O'Neal Walker, Wood O'Neal and Neal Mayo will be a woman's job for everyone concerned.

WINNERS WALKER AND TANNER SHAKE
...it is the fourth decade in a row Walker has served

Herald Winners Tour Disney World

Mr. and Mrs. Donald Phelps and their two daughters, Donna and Sherrie are seen above touring Walt Disney World just outside of Orlando. The family was sent there as a result of their winning The Herald's South Beach promotion contest this summer. While the Phelps were in the Orlando area they were

guests of the Royal Inn in Lake Buena Vista courtesy of The Herald. Over 5,000 entries were received during the contest which proved so popular plans are to send another local family to Walt Disney World again next year.

Vote for Susan

We normally stay out of the primary voting battles, but there are a couple coming up which directly concern the Glades.

We once again have a chance to send a local person to Tallahassee. Susan Weaver, raised in the Glades, her father, Bud Weaver, representing the Glades on the county commission, is running for State House Seat No. 81.

She is going up against the incumbent Dave Clark in the Republican primary. You may join with us in asking, "Who's he?"

He may have been one of our representatives over the past two years—but we certainly haven't seen him nor hair of him. As far as we know this coastal attorney hasn't campaigned in the Glades. Guess there aren't enough votes out here to make us important to his campaign.

But in asking all Republicans to vote for Susan Weaver this coming Tuesday and then asking everyone to vote for her again on Nov. 5, we are not just practicing geographical jingoism.

Susan Weaver is an intelligent, charming young woman who would be a great credit to any area she might represent. She has some good ideas for the state of Florida and the energy to carry them out.

A vote for Susan Weaver wouldn't be just a vote for the Glades. It would be a vote which would help the entire state of Florida.

...And Betty Too

Another Republican race is of great local interest to the Glades.

Deputy Historian running for State Committee Woman? If elected she would go to the next Republican nominating convention as a voting delegate. While her one conservative voice might not make any difference alone, blended with others just like it, it might help put this country back on the road to fiscal sanity.

Mrs. Hatton showed both her conservatism and her class at a recent meeting when she admitted she was abashed at the choice of Nelson Rockefeller for vice president. But she said now that her president had made the choice, she would back him all the way.

This is the type person Betty Hatton is. She is a party woman all the way, but she is not afraid to voice her opinion. The Republican Party would do well to send her to the next Republican National Convention.

Oh, And Paul as Well

It is almost ludicrous to urge the people of the Glades to vote for Paul Rogers, U.S. Representative for the 11th District.

He has been our representative for almost two decades now—and before that his father. But that is not the reason we should vote for him.

Paul Rogers has indeed been a friend of the Glades. He has helped our community as a whole and several people in it as individuals. He has always responded to our needs.

What a shame it would be to lose him. But we don't think it could happen this year. Make sure, though, okay? Do yourself a big favor and vote for Paul Rogers next Tuesday.

Poor John

We were raised in a very conservative journalism philosophy which had among its rules that everyone was treated equal in the news pages.

No matter whether we were personally a liberal or personally a conservative or somewhere in between, anyone who made legitimate news was given coverage. So we find it difficult to accept that certain parts of the media will not give any space what so ever, earned or otherwise, to this area's ultra-conservative candidate for the U.S. Senate, John Grady.

Grady had told us of this many times in the past, but we really never believed him. But during his push for the U.S. Senate it has become quite clear certain areas of the media are ignoring him altogether.

For instance, a large metropolitan coastal newspaper recently put out a "Know Your Candidates" supplement. It carried something about all the races and all the candidates—or almost all.

Nowhere in the supplement was Grady's name to be found. It wasn't even mentioned that he might have a chance to get in the ball. After collecting almost 150,000 signatures on a petition asking the state of Florida to do so.

We don't care if you don't agree with Grady's philosophies. Anybody who can organize a campaign to get 150,000 signatures on a petition is news.

If he runs and loses we are sure that will be reported. It is a bad day when the media brings you only that news which it can agree.

Letters to Editor

Dear Editor:

I was disappointed to find you devoting nearly half a page recently to exposure of quackery in religion. Facts are, there is quackery in many professions, including medicine, nursing, education, and politics.

Our country provides for freedom of religion, which to some extent means the freedom to handle serpents, refuse blood transfusions, refuse all medicines, the help of medical doctors; indeed, the freedom even to worship the dead and practice witchcraft. Fortunately the majority of Americans are intelligent enough to sense and avoid quackery. The fool is the person who responds to quack financial appeals, whether by letter, mailings offering trinkets, or emotional appeals from pulpits, storefronts, test preachers, and/or other religious circles.

Many of us in the respectable denominations believe plain biblical truth, without resort to supplements from church suppers, bazaars, rummage sales, raffish games, or what have you.

What we have heard of evangelists in the United States, Dr. Billy Graham (Southern Baptist) and Dr. Oral Roberts (United Methodist).

MANAGING GUY YOUR MONEY
FACTS TO HELP YOU

"But I Haven't Any Money." If that's your problem, then you can use some help accumulating money—starting now. When you pay your bills each month, why not stop to the front of the line and pay yourself first?

Very few people have had the opportunity to acquire a large sum of money except through accumulation of small sums taken from income over a long period of time.

The sooner an accumulation plan is started, the less painful it is likely to be during the working years. A 30-year old person who chooses an

investment vehicle such as a mutual fund, which might return 10% a year on average, need not only \$25 dollars a month is such a plan, but must accumulate \$100,000 by age 65. Starting at age 40, it would require nearly three times the \$25 a month to accumulate the same amount by age 65.

"Well managed mutual funds offer an excellent way to accumulate capital over a long period of time" says C.H. Emilion, President of Putnam Fund Distribution, Inc., a subsidiary of The Putnam Companies, Inc., which manages more than \$1 billion for individuals and institutional investors. "History shows that if we go back to World War II and look at the 10-year periods from

the beginning of 1948 to the end of 1957 (a total of nine 10-year periods), we find that the total return for the average mutual fund (including reinvestment of all dividends and distributions) was 10.2% a year. Assuming your money was left to accumulate in a savings institution for the same time period, inflation practically eliminated any real growth. While there is no assurance that future mutual fund performance will duplicate the past, this form of investing should be considered and thoroughly explored by anyone who wants to plan for financial independence.

The reaction was so reminiscent of the politician or, for that matter, the politician John Q. Public, who opens his morning paper to read his most recent interview and screams "That wasn't what I meant!"

Ah, the power of the media.

The beginning of 1948 to the end of 1957 (a total of nine 10-year periods), we find that the total return for the average mutual fund (including reinvestment of all dividends and distributions) was 10.2% a year.

Assuming your money was left to accumulate in a savings institution for the same time period, inflation practically eliminated any real growth. While there is no assurance that future mutual fund performance will duplicate the past, this form of investing should be considered and thoroughly explored by anyone who wants to plan for financial independence.

Government Dissolved

(Cont. from P. 1)

and drink, has become the unofficial gathering place of the delegates who have arrived so far. We joined them yesterday morning at 10 a.m. as they walked in a body to Georgian-style Carpenter's Hall, a stone's throw away, for the opening session.

Peyton Randolph of Virginia was unanimously elected president of the Congress. Charles Thomson, a radical Pennsylvanian who is not even a delegate, was made secretary. Gallo was sure Thomson's election was rigged by the Adamsmen in collusion with Patrick Henry.

Henry has a wide reputation as a firebrand. Fully nine years ago, at age 29, he veered close to treason during his maiden speech in the Virginia House of Burgesses against the Stamp Act. As he exclaimed, "Cease had his Brutus, Charles I his Cromwell, and

George III — "he was interrupted by cries of "Treason! Treason!" Whereupon Henry coolly concluded: "—George III may profit by their example. If this be treason, make the most of it!"

Partly out of concern for his own safety, the delegates to this Congress have pledged to keep their deliberations a secret. But few if any know Henry's own tragic secret.

We have learned that the wife of 20 years, mother of his six children, has gone mad. Even at this moment, Sarah Henry, 36, is violent, often kept in a straitjacket and confined in a basement room reached through a trap door in the family mansion at Scotchtown.

At age 33, Patrick Henry confides to his closest friends, "I feel like an old, broken man." And he looks it. Yet his speeches are more daring, defiant and vigorous than ever.

with Glenn Laney

I made a bet Thursday I hope I lose! But I think it's a pretty safe one. I went over to Delray Beach to sit in on the State Rd. 90 meeting. Sen. Phil Lewis had set up with the DOT. It was supposed to be a head knocking session to get some problems solved and get the road under construction as soon as possible.

While enroute through the meeting it was apparent absolutely nothing was going to be accomplished. I jotted down a quick bet on my note pad and showed it in front of State Rep. Tom Lewis who was also at the meeting.

On it I had written that I would bet him a steak dinner that construction on State Rd. 90 wouldn't even begin before Nov. 1, 1975. "You got a bet," was Lewis' written reply. Poor Tom, hope his legislator's salary can stand the price of a steak dinner for a big eater like me.

As I walked out of the meeting (they were getting ready to go onto another subject) I patting Phil Lewis on the shoulder and told him the people in the Glades really appreciated his concern. But I told him he would have to keep kicking those fellows down at the other end of the table (DOT) in the year and every month or so or nothing would get done.

Despite a sincere attempt by the Lewis boys to get the Department of Transportation off square one the meeting somehow hindered the beginning of construction on State Rd. 90 more than it helped.

Field Engineer Ben Simpson was his usual unctuous self assuring everyone in the room that the DOT really did want to build that road. Yet, nothing really could get going until Belle Glade made arrangements with the DOT on financing the relocation of utilities inside the city.

This statement once again showed the DOT's right hand didn't know what the left hand was doing. It was four-laning this road, but it was times it doesn't know which ones are operative and which ones are not.

City Attorney John Baker fielded that one quickly. He said the city and DOT had already agreed to let the contractors who bid on the four-laning bid the utilities' relocation as an alternate. Then the city could decide whether to accept that bid or have it done themselves.

Simpson professes to know nothing of that. But even so, nothing could be done until the city had the plans for the relocation of the utilities into the hands of the DOT. And then one of Simpson's men chipped in with the fact that even with all the facts in from everybody the bids couldn't be let for at least another 90 days. And no nothing could be done before all the facts were in to shorten that 90 day period.

The city's engineers have promised the DOT all of the information it needs within 60 days on utility relocation. Simpson pointed out that even after all that information was in his department would have to

study it to make sure everything they needed was there. If it wasn't, of course, there would be more delay. If the city's engineers handle State Rd. 90 the same way they handled the sewer information that 90 days will stretch to 180 and all the information still won't be in the DOT's hands.

Baker brought up one good point. He said discussing out a four-laning this road had been going on for at least eight years that he knew of—how come all of a sudden something like utility relocation was holding up the whole shooting match. Surely it was something which could have been planned ahead.

After really solving nothing on the first stretch of the road attention was turned to the latest bonanza of the DOT, the great right-of-way robbery along the 18.7 mile stretch from the court house to 441.

Instead of trying to reason out a problem with a fellow state agency, the DOT just stuck out its lower lip, conducted another one of its infamous studies (last time they thought you the 12-month late, one-half mile test strip) and decided to destroy almost 900 acres of top quality sugar cane land.

The original right-of-way called for 100 more good cane lanes of the section line. This the hard working chairman of the Canal Hazards Safety Committee, Frank Jones, had gotten about 80 per cent donated. Taking 100 feet from either side of the section line usually involved two different farmers, thereby not hurting either man a great deal.

Fill for the road was to come out of FCD canals. But the FCD wanted the DOT to dig out some canals over 20 miles away. This would have made the dot prohibitive. But instead of going back to the FCD and saying, hey, come on folks let's be a little more reasonable, the DOT conducted a study.

What it came up with struck fear into the sugar cane farmers heart. It decided on at least a 400 foot right of way all on the same side of the section line. It would purchase borrow pits along the way, thereby destroying even more good cane land.

The 400-foot figure was conservative, as well. It could go as high as 550. Putting it all on one side of the section line takes it all away from one owner, rather than splitting it between owners on either side of the section line.

While 80 per cent would donate under the old right-of-way plan, 100 per cent would fight the new one. This means time and money wasted in the courts.

So now a meeting has been set up between the DOT and the FCD to see if something can't be worked out.

Tom Adams, Democratic candidate for Governor, made a very good point while stumping Belle Glade the other day. He said the budget for the DOT has doubled over the past four years, yet the percentage of money actually being spent for roads is less.

It is quite easy to see why.

Idyllic Euphoria

Twas the night before recess, and all thru the House

Not a motion was stirring, not even on Lane. Amendments were tucked under blotters with care. And the thoughts were on votes—don't disturb Medicare.

When out on the Mall there arose such a chatter, Georgetown solons sprang up as the nighttime did chatter. They called out their chauffeurs, they pulled on their pants, And down M Street they rode to stem any perchance

Interruption to freedom that would delay departure, Recess would be observed, though it meant special cloture.

As the Mall came in sight, apprehension and fear were predominant with election no near. What if Dow Jones had dropped? or beef prices had soared? If a new scandal popped, whose ox had been goared?

Had defection claimed Henry? perhaps even Dick? Would emergency sessions cover up what was sick?

So we close out the scene on the suffering Pol As he rides thru the night with his cup full of gall. For we know that his instinct for self-preservation, will somehow turn out to be "good for the Nation."

Lions Offer

cont. from p. 6

from the Environmental Protection Agency on the proposed sewer line extension. Several of the septic tanks in Lewis' park were malfunctioning and the city wanted to extend the sewer line into it.

But it wasn't sure if this was legal under the Temporary Operating Permit it now finds itself under.

The EPA said, however, that

since the septic tanks were existing before March 7, 1971—the date the present building moratorium went into effect—it was okay to extend the line into them.

Lewis stated that three septic tanks were leaking badly and that the only other alternative would be to move the trailers out and put in new tanks.

The commission told him to extend the sewer line as soon as possible.

Wedding Planned

Mrs. Sarah Francis Wingate, 562 S.W. 2nd St. announces the engagement of her daughter, Sheryl Elaine Wingate, to Rex Norman Patton, son of Norman

Patton of Hinkley, Ca. and Mrs. Jewell Woods of Boca Raton.

Sheryl is a 1972 graduate of Glades Central High School and a 78 graduate of North Tech. Vocational School. She is presently employed at Margie's Beauty Shop in Belle Glade.

Patton is employed by Connel's Standard Station.

The wedding is set for 8 p.m. Oct. 12 at the Community United Methodist Church, with the reception being held at the Civic Center here in Belle Glade.

No invitations are being sent but all friends and relatives of the couple are invited.

"Having is simple... but make more money than your family can spend."

Tax Classes

To Begin

How complicated are income taxes?

"With constantly changing forms, new tax laws, and amendments to existing tax laws, a special education is needed for an individual to prepare even his own tax return," stated Walter Gray, manager of the H & R Block office in Belle Glade.

No one is more aware of the complexity of income taxes than H & R Block, the nation's largest tax preparation firm. Each year Block operates tax schools in more than 2,000 communities throughout the country for people who want to know more about taxes.

The schools teach both basic and advanced courses to thousands of persons, many of whom want to learn to prepare their own income tax returns and others who want to become professional tax preparers.

Classes for the Basic Income Tax School begin in mid-September and continue for just over 12 weeks. This year there will be a minimum of 81 hours of instruction, taught by veteran Block employees. The cost is \$75.

"Anyone may enroll," Gray said. "No previous tax experience or accounting knowledge is required. Many enrollees are housewives, college students, retired persons and, of course, those seeking careers in tax preparation." Gray said.

VOTE

"ANDY" ANDREWS

September 10th

At 7:00 PM

In the South it's said that when the fire pops on the hearth a letter is coming; or if your nose itches, a letter is coming. (Probably another bill!)

Our city is growing, let's keep it that way.

The City of Belle Glade and Earl Armstrong need your vote and support for city commissioner.

BELLE GLADE GIRL IS ENGAGED
...to Clarence Williams of Pahokee

Engagement Told

Mr. and Mrs. Henry A. Vaught, Jr. of 500 Orange Ave. Circle, Belle Glade, announced this week the engagement of their daughter, Winifred Denise to Clarence E. Williams III (Bill, Jr.) son of Mr. and Mrs. C.E. Williams of 909 East Main St. Pahokee.

The bride-elect is a 1973

graduate of Glades Day School and is presently employed with the Bank of Pahokee. The groom-elect is a 1972 graduate of Pahokee High School and is presently employed by his father at Everglades Insurance, Inc. The wedding is planned for Jan. 24.

Drive to be Held

The League of Women Voters will hold two Voter Registration drives: the first, on Friday Sept. 13th will be held at the Twin City Mall, from 9-9 p.m.; the second, on Saturday, Sept. 14th at the Palm Beach Mall from 10 a.m. till 6 p.m.

The office of the League will be staffed for several days prior to the Primary Election on Sept. 16th, in order to lend assistance to the voters who might seek election information. The phone number at the office is 532-6465, and the hours will be from 8:00 a.m. till 6:00 p.m. on Sept. 8th, 9th, 10th and 11th.

The upcoming election on Sept. 16th is for the selection of nonpartisan judges, and for qualified candidates for the offices of School Board Members, County Commission, State Senators and Representatives. In order to vote in this Primary, voters must have been registered prior to July 27th, 1974.

FIRE IN THE NIGHT

If you awoke at night and found your home ablaze, would you escape by quick and orderly, or would you become a victim of bewilderment and panic? Lack of proper planning and knowing what to do have been found to be the greatest causes of death and injury from fires which break out at night.

Hundreds of persons, preponderantly women and children, lose their lives in fires each year because of lack of proper planning. Many could have been saved had provision been made for a second means of escape.

Always plan your living quarters so that there is more than one readily useable exit from each occupied room. For upper story windows, a rope ladder should be stored in a handy location near the window. Always plan to close bedroom doors upon retiring. It will block flames long enough to allow room occupants to escape.

Now You Can Put Yourself in This Picture

Imagine. Your family in a new home... a first home... a dream home. One that has a play-yard for the children... a real laundry room... a wood-burning fireplace. Ahh. You think it won't ever happen? We think it could! Come and talk to us. We'll give you all the facts about our Mortgage Loans.

Lions Offer to Pay

The Belle Glade Lions Club offered to pay back rent to the city on their building in the form of improvements to the civic center.

Lion President Lohwood Fuller made the proposal to the city commission at its regular Tuesday night meeting. He was chided good humoredly as being a very untypical banker when he said if planned improvements went over the back debt the Lions Club would use up future rent money with no interest charged to the city.

The Lions proposed to put new black-out shades around the entire building and across the glass doors. A proposal to carpet the stage area met with disapproval due to the character of some of the presentations at the civic center.

However City Commissioner William Grish did suggest the Lions look into the possibility of putting a curtain around the stage for theater productions.

The Lions were given the go ahead for the black-out shades and new curtain rods for existing curtains. And they

GOP Unity Called for

(Cont. from P. 1)

"practical precinct by precinct politics," Mrs. Hutton is calling for as and to party in-fighting in the county.

"Palm Beach County Republicans need a new show of unity," she said.

"The divisive tactics of factions within our party that has been marked by more news coverage than it has deserved needs to end. We need to settle our disagreements in an orderly fashion among ourselves without all the press badure," she said.

"This time Palm Beach County Republicans pulled together against Democrats and not against each other," she stressed.

Mrs. Hutton has been actively campaigning for the state post visiting Republican gatherings across the county for the past several weeks. A crowded agenda of meetings awaits her as the campaign winds into its final week.

Mrs. Hutton is a candidate in the Sept. 16th primary election.

were asked to check into the cost of putting up the curtain around the stage. The city also authorized the extension of sewer lines into Lewis Trailer Park. Oddly enough the city employee

assigned to check into the legality of the move was Garth Lewis-owner of the park. Lewis said he had heard

THESE THREE LADIES RECEIVED AWARDS
...at recent Omicron Iota Luncheon

Omicron Iota Holds Luncheon

Omicron Iota Chapter of Beta Sigma Phi held a Beginning Day Luncheon Aug. 23 at the home of Chapter President Mrs. Charles Schiele.

Mrs. Dudley Barnes designed the star-shaped invitations which invited the members to "step" into Mrs. Schiele's home for a happy day.

Following the luncheon, Mrs. Schiele presented the Society's scrapbook for the 1973-74 year to Mrs. Zitter. Plans were discussed for this year's "Club to Happiness" in Beta Sigma Phi. Everyone agreed the best beginning is to join in friendship and fellowship and to have a happy day.

Tom Zitter, immediate past president of the chapter, presented the Program Awards. This award is given to the person whose cultural program is voted by the members to be the most enjoyable during the past year.

Mrs. Dudley Barnes and Mrs. Frank Teets received the Award for their joint program on "The Good." Illustrating the good, they reviewed Anita Bryant's books about her life as a Christian. Mrs. Boy Hayes also received the Award for her program on "The Body Beautiful." Mrs. Hayes talked about how the shape of a person's hand often reveals their personality, talent, and good or bad traits.

Scholarships Available

College scholarships, from \$500 to \$5,000, are available to all high school seniors through the Betty Crocker Search for Leadership in Family Living, formerly the Betty Crocker Search for American Housemakers of Tomorrow.

An invitation to enroll in the program will soon be mailed to all high schools across the nation. School's new to the event are invited to write the Betty Crocker Search, P.O. Box 1113, Minneapolis, Minn. 55440, for information.

Enrollment deadline is October 31.

On Tuesday, Dec. 3, each participating school will administer a 50-minute written examination. Prepared and scored by Science Research Associates, Inc., Chicago, this general knowledge and attitude examination is the first important step of the scholarship program.

From the examination results, a Betty Crocker Family Leader of Tomorrow will be chosen for each participating

school. School winners are acknowledged with special awards and their examinations are entered in state competition.

Each State Family Leader of Tomorrow receives a \$1,500 college scholarship while every state second-place winner receives a \$500 grant. The state winner also serves for his or her school a 20-volume reference work "The Annals of America" from Encyclopedia Britannica Educational Corporation.

State winners accompanied by a faculty advisor will be the guests of General Mills next spring on an expense-paid educational tour, which will include Washington, D.C., and Williamsburg, Virginia. A special event of the tour is announcement of the All American Family Leader of Tomorrow, whose scholarship will be increased to \$5,000. Second, third and fourth place winners in the nation will receive scholarship increases to \$4,000, \$3,000 and \$2,000 respectively.

GENERAL REVENUE SHARING

General Revenue Sharing provides federal funds directly to local and state governments. Your government must publish this report advising you how these funds have been used or obligated during the year from July 1, 1973, thru June 30, 1974. This is to inform you of your government's priorities and to encourage your participation in decisions on how future funds should be spent.

Two Candidates Speak their Minds

Eugene Harrison Lever 5A

KNOW YOUR CANDIDATE

Eugene Harrison was born in South Bay, Florida in 1938. His childhood days were spent in the nearby community of Lake Harbor on a United Sugar Corporation Camp. He attended Rosenwald Elementary School and graduated from Lake Shore High School in Belle Glade. Being mostly self-supported, he worked as a migrant laborer during his high school years.

After completing high school he volunteered for the U.S. Army where he served for four years and earned the rank of Sergeant in nineteen months. He was assigned to the Military Police and served in Germany for 37 months. He ended his military career in 1962.

Upon returning to civilian life he joined the Belle Glade Police Department as a patrolman and served for approximately three years.

Resigning from the Police Department in 1964, he enrolled in Tennessee State University in Nashville, Tennessee where he received a B.S. Degree in Construction Engineering. He then returned to Lake Shore High School as an instructor for three years. He also did graduate work at Florida Atlantic University in Boca Raton, Florida where he earned a M.S. Degree in Guidance and Counseling and certified in Administration and Supervision. He is presently serving as the administrative assistant of the Community Action Migrant Program in the Glades Area.

He is married to Josephine Harrison, a guidance counselor at Gove Elementary School. They have three children, Malcolm 6, Michelle 4, and Mark 2. They reside at 1241 S.W. Ave. B Place in Belle Glade.

Harrison was instrumental in getting summer jobs for 167 students in the Glades Area according to their needs regardless of race or national origin.

He is a member of the Omega Psi Phi Fraternity, Inc. Prince Hall Grand Lodge Okeechobee No. 54, and of Palm Beach County Advisory Board to the Board of County Commissioners.

Harrison is totally committed to using his best talents and energies to help Belle Glade become a progressive Model City for all, from the very young to the senior citizens. He feels that this is possible in terms of the total community development and in the area of human relations.

Priorities of Commitments

1. Expansion of city sewage

Reason: At present the city cannot expand because of lack of city sewage and water facilities. If Belle Glade is to grow we have to plan more thoroughly in these areas so that more homes can be built.

2. Oppose to building a new city hall

Reason: It is my personal feeling that the city of Belle Glade does not warrant a complex of this nature at this time. If we would plan on expanding city sewage and improving our water facilities which would allow for more houses to be built, then the city could receive from them revenue which would help to support the building of a new complex as opposed to higher taxation of the people. The estimated cost of the new construction is 1.066 million dollars.

3. City streets-continuous improvement of streets

Reason: At present the streets in the south west section of our city have been under construction for approximately seven months and they are presently in very poor condition. Many of our citizens have not been able to utilize these streets and some have had to leave their cars in their driveways or park far distances from where they live. Some of this could be alleviated with more extensive planning.

4. Comprehensive recreation program

Reason: The city needs a viable recreation program which would include recreation for the young children to the senior citizens. The youth of this city do not have anything constructive to do much of the time, therefore, we find many of them on the streets. I would ask that surveys be made of other cities with functioning recreation programs and with modification, we could develop our own to best suit our particular needs.

5. Low cost housing and city municipal trailer park

Reason: Homes are very much needed and the lower income families cannot afford the conventional home at the present cost and interest rate. With my experience in writing proposals to the Federal Government for grants, I would try to initiate a low cost housing program as soon as possible. I also feel that the city should construct a municipal trailer park. The city could then receive revenue from this venture which in essence would subsidize itself and at a future date could become a 65% profit making venture for the city.

Eugene Harrison
The People's Candidate

Roberts--2A Speaks

It never ceases to amaze me how politicians are unable to recognize the citizen across the street until three weeks before election.

In the past, it seemed the prerequisite for soliciting votes in a city election here in Belle Glade was simply to declare, "I am a good man, and I have lived in the city for a long time." and, PRESTO, election is guaranteed. Beyond meeting the above criteria, I have more to offer.

I have a passionate interest in improving - both physical and social - in Belle Glade, and in so doing, it will positively affect all residents. The three basic needs have been defined as food, clothing and shelter, and needed to complement or enhance those needs are employment, health services and recreation.

In the past, the Belle Glade City Commission has been noted for its anti-federal funds policy. I contend that the City needs all funds available if the needs of the poor are to be considered. For some Belle Glade residents, attracting and utilizing federal funds may well mean mere survival.

Shelter is one of the basic needs, and with the cost of construction and scarcity of money to lend for the purpose of building, it is difficult for the city to dictate to property owners what rent rates should be. But, every resource should be exhausted to secure housing for low-income families and senior citizens on fixed incomes.

Poverty and unemployment breed crime. With the Glades growing literally sweeter and sweeter everyday with a booming sugar cane industry, the unemployment rates are bound to increase. Unemployment means crime, sometimes to survive. And crime means jail. And jail means a blurred record. And a blurred record means you cannot get a decent job - back in the same boat!! It's a vicious circle (cycle) that needs to be combatted.

I feel we can increase employment by: (1) having other industries to come into the area; (2) provide training in marketable skills applicable to industrial activity (existing and potential) in this area. In my opinion, we will be more successful getting skills to fit the job as opposed to jobs to fit the skills.

In the past, I have known our municipal court to take in more than \$100,000 a year, which causes me to tremble and wonder. I tremble when I think of what the crime rate must be to produce this magnitude of revenue. It makes you wonder whether or not the municipal court system is indeed a money-making-escape.

I feel that:

1. Every effort should be made to speed up the merger of the municipal court system with the county courts.
2. As long as the courts stay in the city's hands, each offender's rights should be read when arrested.
3. A speaker system should be used to demonstrate a public trial - not a closed conference with the judge.
4. The tenure of the judge should not be more than two (2) years.
5. The illegal harassment by policemen of local residents should be stopped.
6. Immediate steps should be taken to improve the deplorable and inhuman conditions of the city jail.
7. Policemen need more training and educational programs. We must fight to strengthen the relationships between residents and policemen. We should see policemen as friends who protect us and not enemies to destroy us - or meet quotas. Respect should be mutual and reciprocal.
8. The women need a separate cell section with bathing facilities, so they won't be exposed to the view of male prisoners and subject to attacks.

When I think of the marina, bars and country club, it appears that recreation and amusement is only guaranteed to those citizens eighteen and over. Today I see children at age six living the life that some of our senior citizens now look back on with resentment. We, the voters, along with the city fathers must be charged with neglecting our children until an alternative is provided.

I feel that:

1. We need a comprehensive recreational program for the youth of our community.
2. Development of parks and recreation areas in heavy population density areas with facilities to accommodate all age groups.
3. No leases or privileges granted to private interests in local controlled areas.

While wading through muddy alleys and walking damp hallways with dismal lighting on the campaign trail, I saw poverty at its worst and misery multiplied by sickness which reinforces my position that medicine should be a right.

I feel that efforts should be made to secure more medical bodies.

2. I support the expansion of health services and facilities.
 3. I support full time ambulance services.
- Though the problems of our city are many, I feel strongly that the aforementioned, in addition to those listed below should be given a high precedence.

1. Adequate sewer and water facilities.
2. Governmental "Self-Sustaining" and revenue producing projects that will provide jobs and keep tax rates down.
3. A municipal trailer park.
4. Remove the dumpsters off the streets.
5. Pave all streets and fix pot holes.
6. A new bridge at the dike.

I am running for office because I feel I can get the job done.

For twenty-four of my twenty-eight years of living, I have lived with the problem. I know the problem too well. I am very reliable, tolerant of others and fair. I will be responsive to the community at large and not just one side of town, a small interest group or clique, or simply do nothing. I will work to trim the budget and not the tax payers. For progress we must have a system, which is nothing more than an orderly group of practices and principles. But a system without a place for humanity will leave the hands of the people everytime to become a machine (inflexible). I am not a professional politician but a professional human being with prayers and a desire to rid our community of its problems.

Ballot Set for Election

(Cont. from P. 1)

drawn Thomas O'Malley, Fitz Hugh Powell and Jack Shivers. Ed Penn Jr., John S. Shipp, Sheila King, Ralph Turlington and Zella Maynard have all entered the Commission of Education race.

The public Services Commission race finds Alice Hastings and William Mayo battling it out, while Harry Johnston and Michael Small fight it out for State Senate, 28th District. In the 28th State Senate District Don Childers, John Jordan and Donald Walker square off against each other. The 30th Senate District has drawn three candidates as well for the Democrats, William Tulett, Morris Tucker and Mike Zentz.

In the three house of Representative races the 79th District pits Andy Andrews against Gene Campbell. The 81st District finds Gerald Cornelius against Edward Healy and the 82nd District has John Condit running

against Donna Cotton.

On the county level Boudie Bousley goes against Jackie Winchester in the Supervisor of Elections race, while Grace Bliza faces Joseph De Marco and Bill Medley for County Commission District. Rounding out the Democratic primary are votes for party delegates to the 1974 convention in both District 10 and 11. In district 10 Democrats can vote for two of four which include Morris Bishop, Alice Madray, Donald Davis and Norine Turner.

In District 11 two of four must be picked from Joseph Baird, Doris Downey, Don Childers and Robert McInnis. William Bemis, Carl Pullis and Charles Whitman are running for the South Lake Worth Inlet District 2 seat.

The Republicans have it a little easier, beginning right off with the U.S. Senate race. Jack Eckerd, who lost to then incumbent governor Claude Kirk in a Republican primary tries again against Paula Hawkins.

And while the Democrats hopefuls will be battling it out for governor and possibly stepping on a lot of people's toes, the Republicans have united solidly behind one man, Jerry Thomas.

For State Treasurer the Republicans get a choice of Jeffrey Latham and Gene Tabbe. In the 28th District Senate race Al Coggler is running against incumbent Tom Johnson. In the 30th District Lyman Allen, Betty Athanassakos and Jon G. Thomas are all running. In the 81st District for the House, Glades reared Sonny Weaver is attempting to unseat incumbent attorney Dave Clark.

In the County Commission District 4 race William Cruickshank and Norman Wymbs have lowered their sights on incumbent George Warren.

In strictly party races J. Reeve Bright and V.C. Stewart will battle it out for State

Committee Man, while Patricia's Betty Hatton is running for State Commission Woman against Ann Cassidy.

The South Lake Worth Inlet District is pretty popular with republicans with them having primary candidates in having one, two and three. Running in district one are Patricia Kramer and Burton Moore, in district 2 it is Myron Leedy and Colin Varney, while in District 3 a three way race is shaping up between David Geller, Thomas Hood and

George Kelley.

Non-partisan races for the state Supreme Court include Joe Boyd against River Buford in Group 2, Shelby Highsmith and Ben Overton in group 3 and Arthur England and Sam Spector in group 4.

Advanced Course Available

cont. from p. 8

The advanced course, designed for people who already have a basic knowledge of income tax preparation, gets underway in late September and continues for 10 weeks. The cost is \$120 and, like the basic course, covers the expense of all materials, textbooks, supplies and registration.

In most communities, and for both courses, students have a choice of morning, afternoon or evening classes.

The school schedules are designed for the convenience of students' work or family commitments, Gray said.

Persons interested in enrolling in either school should contact Gray at the Block office at P.O. Box 296, Belle Glade, or telephone collect 844-5079.

New Water Company Set

Springport International Inc. of Chicago, has opened Springfield of West Palm Beach, a new distributor to serve Palm Beach County with water softeners and products. Mark G. Piermonti of Lantana has been named general manager of the distributorship. Showrooms and offices will be at 600 South Military Trail, West Palm Beach.

Piermonti said that Springfield is one of the world's largest manufacturers of water conditioning equipment, softeners and filtration.

The products are designed to handle water problems such as hardness, odors and color.

"We will be able to handle unusual problems," he said, "by calling in chemists or engineers from our home office to seek solutions."

Now's your chance to take a dealer for a ride.

Your Ford Dealer's Late, Late Show is more than just a Clearance Sale.

Of course, Ford's Clearance prices are low to begin with, but this year there are plenty of other good reasons to buy a new 1974 Ford:

- If you wait until the 75's come out, you'll pay a lot more.
- We need used cars, so we're giving big trade-in allowances.
- We have to move the 74's off the lot to make room for the 75's.

Need more reasons? Check this price:

Eugene Harrison The People's Candidate

1241, S. W. Ave. B Place
 Belle Glade, Florida
 September 3, 1974

Dear Citizens,

As a candidate for city commissioner, I ask you to check my background history, my work experience, and my willingness to be involved in serving the people; then I think that you will find that I am well qualified for this position.

I will further ask that you judge me objectively, checking my credentials against the credentials of my opponents. If you do this objectively, I feel that I will gain your support.

I want to be considered as the people's candidate which allows me to work for all the people without being obligated to address my self to certain organizations or interest groups. However, this does not mean that I would not work with organizations which are for the betterment of Belle Glade.

Remember, being objective is very hard sometimes, but in the end it is the best way. I solicit your support.

Sincerely yours,

Eugene Harrison

NOTICE TO BID
SEaled bids for the building of one (1) five room unit will be received by the City of Belle Glade, Florida, at the City Hall, 33 West Avenue A, in the office of the City Engineer until 11:00 a.m., Tuesday, September 10, 1974, at which time all bids will be publicly opened and read.

Specifications are on file in the office of the City Clerk and available for inspection, and copies thereof may be obtained upon application to said office. All bids must be accompanied by a certified statement indicating that the bid forms meet or exceed the City's specifications or a statement specifying exact deviations from specifications.

All bids shall be in sealed envelopes addressed to the City Engineer, City of Belle Glade, 33 West Avenue A, Belle Glade, Florida 33426, and marked: "Bids, Five Room Unit, to be opened at 11:00 a.m. Sept. 10, 1974."

The City Commission reserves the right to reject any and all bids, in whole or in part, to waive any irregularities or to accept any bid other than the one in the best interest of the City.

The next essential in fresh coffee. Storing coffee in the refrigerator helps retain its freshness.

Measure precisely: 2 level tsp. of coffee for every 6 ounces of water. This formula makes most people and recommended by coffee experts.

What method should you use: drip or percolator? Most experts prefer the drip filter technique. They feel that percolating over-extracts coffee grounds, and because it boils the coffee, results in a bitter taste. With the drip filter method, water passes through the coffee just once.

In the past, many people simply didn't want to bother with clumsy, hard-to-operate drip filter equipment. But now, Norwico has marketed a fully automatic Drip Filter Coffee Maker. Since the coffee never boils or perks, it has no chance to become bitter. And it brews full 12 cups in just 7 minutes.

One final tip: serve your coffee with cream that has been brought to room temperature. This cools the coffee as little as possible—and gives a heart-warming punch from your guests!

How To Brew A Better Cup Of Coffee

Making great coffee doesn't have a grain, if you follow a few simple rules.

The coffee pot must be thoroughly cleaned to insure the best possible brew.

MARSHA KAY CONNELL AND JESSE MARTIN WOMACK WED IN ...Doubling, Candelight ceremony at Alliance Church July 28

Couple Wed in Ceremony

Miss Marsha Kay Connell, daughter of Mr. and Mrs. Lynn Connell of Belle Glade was wed to Jesse Martin Womack, son of Mr. James Howard Womack of Jennings on July 28 at the Christian Ministry Alliance Church in Belle Glade with the Rev. Mark O'Farrell officiating.

Given in marriage by her father, the bride wore a white, floor length dress made of organza with a lace-trimmed neck and empire waist and puffed sleeves. She had a mantilla veil and train and carried a cascade of yellow roses and white orchids.

Terry Lovett, sister of the bride, was matron of honor and Albert Deas served as best man. Bridesmaids were Sandy Devaux, Debi Hicks and Peggy Alderman. Charlotte Ridgway, cousin of the bride, was the flower girl and David Lovett, nephew of the bride, served as ring bearer.

Ushers were Larry Lamb, Bobby Carter and Darrell Connell, cousin of the bride.

The altar was decorated with two baskets of yellow and white mums and pompon daisies. A kneeling bench, arch and palms were also in

the background.

Organist Helen Youngblood played the theme from Love Story and soloist Melodie Pescoc sang "We've Only Just Begun" and "Wedding Prayer."

The matron of honor's dress was a floor length yellow dress with an empire waist and short bell sleeves. She also wore a yellow picture hat and carried a basket of yellow and white daisies. The bridesmaids' dresses were similar to that of the matron of honor's but they were dressed in the color green. They also carried baskets of yellow and white orchids.

Following the wedding, a reception was held in the Church Fellowship Hall. Assisting with the reception were Mrs. Homer Carr, Mrs. Jeanette Kelley, Diana Carmona and Maria Carter.

The bride's mother wore a floor length pale yellow dress and had a corsage of violet orchids.

For her traveling outfit, the bride wore a floor length yellow and white flowered dress with a V-neck and empire waist.

After a wedding trip to central and northern Florida, the couple is living at 208 N.W. Ave. F in Belle Glade.

Final Plans Told

Final plans have been announced for the wedding to take place between Mary H. Batista and Douglas W. (Dotch) Lockhart at 5:30 p.m. Saturday, Sept. 7 at the St. Beni Phillips Catholic Church in Belle Glade. Father Saghy will officiate at the ceremony.

The bride-to-be has chosen Erena Serra of Pahokee as her matron of honor, and Kim Garrett, Alina Serra, Kiti Tucker and Lisa Bailey and Maria Rodriguez will be her bridesmaids. Little K.C. Johnson will be the flower girl.

The bride-to-be has chosen Erena Serra of Pahokee as her matron of honor, and Kim Garrett, Alina Serra, Kiti Tucker, Lisa Bailey and Maria Rodriguez will be her bridesmaids. Little K.C. Johnson will be the flower girl.

David Carter will serve as the groom's best man and Doc Collins, Robert Gay, Ernie Batista, Ed Rouse and Tom Spoon will be the ring bearers. Ed Uwin, organist, and Bill Davidson, soloist, will present a program of nuptial music, and Kay Williams will play the piano.

The reception will be held at the church recreation hall immediately following the ceremony.

No local invitations are being sent but all friends and relatives of the couple are cordially invited.

Inquiring Gardener

Q. Insects are chewing my grass, what can I do to prevent this?

A. To prevent extensive damage by insect pests, homeowners should make frequent inspections of their lawns, especially during the spring and summer, so that insect infestations can be found early and treatments applied promptly. The damage is not always immediately obvious and often reaches an advanced stage before it is recognized.

Lawn insects can be divided into two categories - Surface insects, which include armyworms, cutworms, chinch bugs, and sod webworms, and Sub-surface insects such as Bermudagrass mites, billbugs, grubs, white grubs, ground pearls, mole crickets and nematodes.

In general, surface insects destroy grass by chewing blades or extracting plant juices. They often burrow into thatch, or debris above the soil during the day and do their damage at night. Sub-surface insects cause destruction by devouring grass roots. Each type of insect may be in or out of the soil during different stages of their life cycle.

The following conditions may be indications of surface active insects: Large numbers of insects feeding on the turf - Small moths observed flying across the surface of the lawn - Grass blades mowed off just above the soil level - Dying out of turf along curbs and sidewalks - A residue of chewed grass among the damage grass plants.

Indications of sub-surface insects - Grass roots showed just below the soil surface - Individual plants can be easily pulled from the soil - Overall thinning of the turf.

CONTROL - Chinch bugs - Baygon, D-Dimeon, Ethion, Trilobin, V-C-18 or Dimeon in sprays, or granulated forms of any of the above. Sod webworms - Armyworms - Sevin or Dimeon - Cutworms - Dimeon. When treating for sub-surface active insects it is important to see large amounts of water to get the insecticide down to where the insects are feeding. If large amounts of water cannot be applied with the sprays, irrigate after spraying. Bermudagrass mites - Dimeon, Billbugs, White grub-chinchards, Mites - chinchards, Dimeon, Nemalode - Sevin, Nemagard.

NOTE: "BAYGON" and "D-DIMEON" are registered trademarks of the manufacturer.

12A, The Belle Glade Herald, Sept. 5, 1974

NOW IS THE TIME

My Friends:

Many people in Belle Glade were surprised when I recently qualified to run for the City Commission. Their surprise was understandable as I discussed this decision with no one other than my family. As much as I would have valued prior consultation with my friends and community leaders, I felt it would be improper to discuss a potential candidacy for the City Commission while maintaining a position as a City employee. Hopefully, none of my friends were surprised by my sincere concern for this town and its people which prompted my decision to run.

I would like to share with you some ideas on the previously undiscussed issues:

(1) Water and Sewer Improvements - The City's engineers are drawing plans and specifications for extensive water and sewer improvements at this very moment. Within the next six months major decisions will have to be made on these proposed projects, including method of financing, scheduling, scope of improvements, customer rate structure, and contractual procedures for construction. I am familiar with the water and sewer system, both from an engineering standpoint and as a practical matter. I feel the City should take all necessary action to insure the most environmentally acceptable sewer system possible, while at the same time take a hard line with regulatory agencies which, through unreasonable attitudes, cripple the housing and building industry in Belle Glade.

(2) Housing - the insufficient supply of adequate housing in our community is becoming an increasingly disturbing problem, due in part to the building moratorium. Hopefully, sewer improvements will soon release our builders to begin adding to the housing market. Furthermore, some of the older structures in Belle Glade need improvements, which can be accomplished by joint efforts of the City and private enterprise. President Ford recently signed into law the Community Development Act which could provide considerable funding to the City for financing of these improvements. This is a new type program, without the customary "federal strings" attached, and would give broad discretionary powers to the City Commission on the allocation of this money. I have followed this program from its inception and am prepared to make knowledgeable decisions on this program.

(3) City Hall and Fire Station - I support the construction of a new city hall and fire station. I qualify this statement only by saying it should be within budgetary limitations as established by a long range financing plan. Ten years ago a new city hall was labeled "top priority" by the City's leaders at that time. The need has increased drastically in the last few years. The Police Department is in an embarrassing shape and the working conditions there are almost unbearable. The existing fire station and city hall should be remodeled to create an adequate police complex. City officials should be combined in one building with facilities to properly serve the citizens. The Fire Department needs additional space to house our firefighting equipment and to provide training areas. I would not support any of these improvements if it would mean the sacrificing of necessary sewer improvements. I am convinced that satisfactory city hall construction and sewer improvements can both be accomplished in an orderly fashion.

(4) Beautification - The City government and its citizens must work together on the beautification of our town. We can make Belle Glade an attractive community—one in which we can all be proud to live. I would support the creation of a special City crew to deal solely with beautification projects, including landscaping, junk car removal, weed and litter control, and cooperative efforts with private beautification projects.

During my 18 years in Belle Glade I have come to know many of you and I can't imagine a better group of people anywhere. We have so much potential in this town of ours. Let us work together and do the things I know we're capable of.

Sincerely,

Thomas Altman
Candidate for City Commission

News From The Home Front

The Belle Glade Herald, Sept. 5, 1974, 1B

Labor Day--How Sweet It Was!

It was a very quiet and peaceful Labor Day in Belle Glade as a photographic survey of local construction jobs proved.

With over 9,000 unemployed in Palm Beach County, the workers in Belle Glade has a great deal to be thankful for with all of the construction work underway. At the top is pictured the biggest job in perhaps the entire

county at present, the estimated \$21 million expansion to the Sugar Cane Growers Co-Op sugar mill on Airport Rd.

Just below is the classical new building being built by Everglades Federal Savings and Loan on North Main St. And below it is the beautiful new building being constructed by B. D. Cole

Insurance Co. on South Main St. These three buildings are only a few of the new ones under construction which has taken up the slack in the lack of new home building.

So really, it doesn't matter as the old song goes, east side, west side, all around the town--Belle Glade is growing--just not on holidays, thank you.

Mr. Rogers Visits Friends in Glades

'Taking Nothing for Granted'

Incumbent Congressman Paul Rogers toured Belle Glade and Pahokee Tuesday "taking nothing for granted" in his race against Robert McElin.

McElin's candidacy came as a complete surprise to the party faithful. His only other ventures into politics found him finishing third in a county sheriff race.

Some newspaper polls have Rogers garnering as much as 70 per cent of the vote. Rogers commented while in Belle Glade that he hoped those polls were right, but he was taking nothing for granted.

After touring Pahokee, Rogers dropped in on long time acquaintance George Wedgworth at the Sugar Cane Growers Co-Op sugar mill on Airport Rd. Wedgworth chatted with Rogers for a few minutes and then took him on a tour of one mill. Rogers was shown around the new construction and chatted with the workers on the job.

Rogers has always enjoyed strong support from the Glades. Tales of his shoveling on behalf of his community and individuals within the community have reached almost epic proportions during Rogers' almost two decades in Washington D.C.

If Rogers wins the primary he will win the general election since the Republican Party in the 11th District has seen fit to run no one against him. Rogers' voting record in Congress has been quite conservative over the years and he has drawn heavy support from Republican voters in the past.

"Now George, you have nothing to worry about what with the price of sugar as high as it is today," Congressman Paul Rogers seems to be admonishing old friend George Wedgworth Tuesday. But he really wasn't, having just stopped in Belle Glade to meet some of the people like Phyllis Harrington below as he runs for re-election as Congressman from the 11th District.

Staff Photos

Xi Zeta Mu Holds Luncheon

Mrs. Gary Gascho was guest of honor at a luncheon held recently at the Holiday Inn in Belle Glade. Members of Xi Zeta Mu presented Mrs. Gascho with a pendant necklace and an engraved charm.

The table was graced with a lovely bouquet of spring flowers and the honoree was presented a corsage from the chapter sponsor, Mrs. Jane [Name].

Members attending were Mrs. Earl Armstrong, Mrs. Wayne Bair, Mrs. James

Chambliss, Mrs. Frank Cochran, Mrs. Gordon Corbin, Mrs. Albert Green, Mrs. James Jack, Mrs. P.A. Kirchman, Mrs. J. D. Lee III, Mrs. Art Shireman and Mrs. Gascho.

The Gascho family has moved to Hawaii where he will be associated with a concern similar to the Agricultural Research and Educational Development here in Belle Glade.

The members of Xi Zeta Mu held a family sharing party Aug. 29 at the Chewston Skating Rink. A special feature

of the party was a six-foot submarine sandwich in addition to other sandwiches, chips, dip and dessert.

Families attending the event were the James Chambliss, James Jack, J.D. Lee, Gene Enginger, Albert Green, Frank Cochran, Wayne Bair, Gordon Corbin, P.A. Kirchman families and Mrs. Jane Evans.

Guests were the Charles Ward, Calvin Watson, O.E. Shackelford, J.A. Collins family and Mike and Susan Stevens, Kimberly and David Chambliss, and Tracy Edens.

Karen's Korner

By
Karen
Hanford

Now that school's started, students, teachers, and football fans are getting all geared up for that sport we've been waiting for since about 10 months ago - high school football. Glades Central High School starts its season off with a Jamboree on Sept. 5. Three other schools, Pahokee, Boca Raton and Martin County, are involved in the Jamboree which will be at Glades Central. This marks the first time the Raiders have ever been in a Jamboree.

Went out the other day to take some pictures of the varsity Raiders and they looked really impressive in their uniforms.

Clark Lloyd seemed to tower over the others at first glance, but when I took a second look some of the others were also like hulking giants.

Here I was, five foot five and all of 110 pounds, trying to push my way through 10 or 12 of them so I could get some pictures of several of the sections of the team. Talk about land of the giants!

Okay, maybe it is a slight exaggeration, but they did seem awfully big out there, especially with those pads on.

Incidentally, the Raiders are one of the favorites to dominate the Suncoast Conference West, along with the Atlantic Eagles.

The Glades Women's Softball League held its A and B Allstar game last Thursday night.

The game was played in semi-darkness as the lights at Canal Point field couldn't decide to shine or not.

While we were in the outfield the lights out there were playing Follow the Leader. First one of the two of the lights in rightfield would come on. A few minutes later the ones in centerfield would start shining, but then the rightfield lights would decide that's enough for awhile and flicker off.

If they had more intensity, they would have looked like strobe lights out there. I could just see it—the strobe lights flickering on and off so the fielder would like a robot trying to catch the ball.

In spite of the lights, the game continued—and it was an exciting one all the way to the finish.

Both teams played real tight ball and as a result, after six innings the score was tied one to one.

The visiting team, Team B, managed to edge ahead by one run in the top of the seventh, inning and it looked as if our team was going to lose.

But 'twasn't so. We came up in the bottom of the inning and Marie Langston crossed homeplate to even it up once more and we got a player on third and second, off a hard hit by Rose Goodbread. Then Sally Carter hit a fast grounder to the shortstop and the throw to homeplate was just a little too late as the player ran across it and we had it by one run.

Although all of us players were jumping on each other and shouting

and thumping each other, the happiest one out there had to be our good ole coach, Glenn Loney himself, whom we had drafted to help us.

He threw the team scorebook 20 feet in the air and just started whooping and hollering. But we knew he had two good reasons to be so excited. First, of course, was that we had won, and secondly, he didn't have to buy anyone a steak dinner.

He had told us girls as practice that if anyone hit a homerun the adder over the fence later he would treat her to a steak dinner at the restaurant of her choice.

Luckily for him the only one who even came near the fence was Joy Busby, who walloped two doubles out there. On one of them everyone was holding her or his breath cuz it looked as if it might just make it—but not quite.

Anyway, he won't have to worry this time cuz we are trying to get the Pahokee field for the championship game between Team A and Timesaver. At this time of writing I don't know exactly when it will be, but it was to have been tried to set up for Wednesday night at 8:30 at the Pahokee field.

It was originally scheduled for Tuesday night, but due to several things happening, one of them being the South Bay election, we had to change the date.

Let ya know later how the Championship game turns out.

Hope all you folks enjoyed Labor Day weekend. Our family went to Kissimmee for a couple of days to visit Disney World again and maybe catch another one of the rapidly growing number of attractions around there.

Saturday night was the last night Disney stayed open until midnight. Believe it or not, the place wasn't all that crowded—at least by their standards. We didn't have any problems with the lines of people waiting to get on the rides. It usually takes anywhere from 30 to 45 minutes before being able to get on a ride or seeing the attraction.

It wasn't crowded at all until we started to leave. Apparently everyone decided to go at the same time we did. What a crowd there was at the tram station! (The place where the trams pick you up and take you to where your car is in the parking area)

We stood in line for 30 to 45 minutes and it still looked as if we weren't making any headway. Finally after battling it back and forth between us, we decided to take the chance and leg it.

We weren't the only ones doing it either. About a fourth of the crowd had the same idea and most of them had already started out.

Luckily, our car wasn't all that far off and it only took about 10 minutes to find it.

One word of advice if you decide to go to Disney World in the future, don't wait until the last minute to leave the place.

Braves Talk

The story of Braves catcher Vic Correll reads right out of a story book.

"Once upon a time there was a young player for the Atlanta Braves who spent the first half of the season sitting on the bench. Then, the team started to flounder, and a new manager was hired. The only change the new manager made was to see the young catcher as a starter, and the team went on to have a winning record. And to top it off, the new starting catcher is the only Georgian playing big league baseball in his own home state."

Correll, who lives in Statesboro, Ga., was obtained last spring by the Braves from the Boston Red Sox organization, where he helped lead its Pawtucket farm team to the International League championship in 1972.

Most of this season he had been playing the number three catcher spot for the Braves behind Johnny Oates and Paul Casanova. When Clyde King was named the Braves new manager at All-Star break, Correll was given the chance to play.

"I think I matured as a catcher three years ago while playing for Danzell Johnson (now manager at Boston) in Louisville," Correll said. "My weak point in the big leagues, my lack of hitting, but I've convinced I can hit .250 or .300 in this league, though."

Correll is a 27-year-old native of Florence, S.C., who went to Georgia Southern College in Statesboro to play baseball and then stayed to make the town his home. He hit .329 for Georgia Southern as the team finished third in the nation in the NCAA tournament that year.

Uniquely, the team that won the NCAA tournament the year that Correll played in it was Grambling College, led by Ralph Gammon, who also plays for the Braves now.

To go into that tournament, Correll had the strongest experience of his baseball career. Georgia Southern had to play three games in one day against Cannon-Downman, to qualify, and they had to win all three — which they did. Correll caught all three games.

Correll works during the off-season for Marsh Hunting, Reeve in Statesboro and he about to purchase a house there.

"I work very closely with Wendel Marsh, the owner of the reserve," he said. "We have several deals that we're partners in, and I plan to make hunting reserve management my career. I've always loved hunting; I've rather hunt than eat."

"Now, however, I just want to stay in there and keep doing the job for the Braves," he concluded.

TELETYPE TOPICS — A crowd of 45,805 paid spectators watched the Braves play the Phillies on Saturday, August 16, one baseball fan at Atlanta Stadium ranked among the most embittered people in Atlanta. They had traveled all the way to Atlanta from Nashville, parked their bus at Atlanta Stadium and tried to enter the gates. Only thing wrong was that their tickets were to the Falcons' game against Cincinnati that was being played at the same time across town at Grant Field.

Braves camera day is coming up on Sunday, September 8th, when the Glens play at the Stadium at 2:15. Starting at 1 p.m., fans with cameras will be allowed on the field to take pictures of their favorite Braves players. (PRN)

BIG BAD RAIDERS POSE FOR TEAM PICTURE BEFORE START OF PRACTICE ...there are high hopes in Raider's Camp that Glades Central will win the state championship as it did in 1972

Raiders to Begin '74 Season

The Glades Central High School Raiders begin their football season this Friday night with a Jamboree beginning at 7:30 p.m. The Raiders will host Boca Raton, Martin County and Pahokee. Competition includes punting for distance, kicking a field goal for distance, accurate throwing (for the quarter-backs), 40-yard dash for a linemen, fastest backs and 25-minute offensive scrimmage. For the first time this season the Raider offense scored two touchdowns.

At 8 p.m. Martin County will kick off in Pahokee to begin the first quarter of the game. Boca Raton and Glades Central will play the second quarter. Pahokee will lead the defense.

Defensive coaches Johnny Davis and Riley Foster Jr. were pleased but not entirely satisfied with the defensive play. They are looking for depth to spell the seasoned letterman.

Offensively, Coaches Wernke and Jay Seider saw marked improvement over the previous Friday's scrimmage. Coach Wernke feels the squad is two weeks from putting it all together. He feels the Jamboree is just the thing to put the complete team together.

Library News -- Talking Books

TALKING BOOKS????

Among the more than 10 million residents of the United States who are disabled in some way, there are many who cannot use conventional printed material because of visual or physical impairments. For those who either cannot see to read print or cannot hold a book for an extended period of time, books are available in recorded form or in braille.

In the belief that reading is for everyone, the Library of Congress provides a program of free library service for people who cannot use printed formats.

By far the most widely used format in the library program is the talking book disc, which is produced in 16 rpm per book, to give 45 minutes of playing time per side, and is 8 rpm for magazines. Talking book discs are playable on phonographs specially designed for ease of operation.

All talking books and braille books are mailed postage free. Talking book photographs are shipped free of charge to each talking book reader on extended loan for as long as the reader needs it.

Readers may choose current bestsellers, classic novels, mysteries, poetry, the Bible, and wide variety of nonfiction titles. Many popular magazines reflect a broad range of tastes and interests are also available, including American Heritage, Good Housekeeping, Sports Illustrated, Newsweek, and Reader's Digest.

Each regional library maintains a collection of books available in the national program.

The PALM BEACH COUNTY LIBRARY now has this new service—TALKING BOOKS FOR THE BLIND AND PHYSICALLY HANDICAPPED. To be eligible to use this service a person must have one of the following limitations:

Legal blindness; visual impairment, inability to hold a book; inability to turn pages; impaired or double vision; extreme weakness or excessive fatigue; or any other physical limitation preventing him from reading regular print books.

APPLICATION FORMS for this service are AVAILABLE at the BELLE GLADE MUNICIPAL LIBRARY.

YABS is coming soon...October could be the month when YABS begins...What is YABS??

Library hours: Monday-Thursday 10:00 a.m.-5:00 p.m.; Friday 10:00 a.m.-4:00 p.m.; Saturday 10:00 a.m.-5:00 p.m.

Notes: The hours of 8:00 a.m.-10:00 a.m. are reserved for public xerox copying only and specially scheduled library/school events. No other library services are offered during these two hours. Please use front entrance. THIS IS YOUR COMMUNITY LIBRARY, USE IT TODAY.

Work a Must For Food Stamps

Washington, D.C.—Under a proposed regulation announced today by the U.S. Department of Agriculture, an individual who wants to retain eligibility for food stamps program benefits would have to accept a job which requires joining a bona fide labor organization recognized by the National Labor Relations Act. The regulation would not require the recipient to join a company union.

In order to participate in the food stamp program all recipients, with certain exceptions, must register for and accept employment. Current regulations, however, permit a recipient to refuse a job in which he is required to join, resign from or refrain from joining any legitimate labor organization. The proposed amendment is in line with regulations for the Work Incentive Program of the Department of Health, Education and Welfare.

Public comments are invited on the proposed regulation which is scheduled for publication in the Federal Register on Wed., Aug. 21. Written comments may be mailed or delivered to Royal Shipley, Acting Director, Food Stamp

Division, Food and Nutrition Service, U.S. Department of Agriculture, Washington, D.C. 20250, so as to be received no later than Sept. 20, 1974. Comments received will be open to public inspection.

GLADES CHURCH NEWS

THE HERALD WELCOMES NEWS ITEMS FROM YOUR CHURCH EACH WEEK.
CALL 596-2556 NOT LATER THAN TUESDAY NOON FOR PUBLICATION THURSDAY.

Education Ranks High in Church

Education ranks high in priorities for Seventh-day Adventist church giving, according to Pastor H. Bame of the local Belle Glade church.

Proof of the fact comes in a listing of nine school projects slated from the Belle Glade church's Missions Extension Fund this year.

The schools, says Pastor Bame, range from New Guinea to Maharashtra (India). And they run in rank from a new little grade school in Caye, South Haiti, to a library building for the Phoenix Adventist College in Mauritius, in the Indian Ocean area, and a residence for student nurses at Andrews Memorial Hospital in Kingston, Jamaica.

An exception to the educational list of mission projects, the Pastor says, is the inauguration of two new medical launches on the Amazon River in Brazil. The church operates more than a dozen such launches in its outreach to the isolated villages of the vast Amazon hinterlands, he says.

Even this launch work is tied in closely with the educational work, for at regular launch stops the mission usually establishes a clinic and eventually the people request a school. Then the problem becomes one of personnel to adequately staff the schools, Pastor Bame stated.

Currently the denomination operates more than 4,500 schools and colleges throughout nearly 200 countries of the world. To maintain this and other aspects of the church's broad mission program, members give heavily. Mission offerings last year totaled \$36.3 million.

The Parson Pontificates

Do you know what real Christianity is? It is not believing in God; the devil believes and tremble. (James 2:19). It isn't recognizing that Jesus is the Christ, the Son of God; the evil spirits did that and begged for mercy (St. Mark 9:15). It is not keeping the Commandments: a rich young ruler did that and still went away in sorrow (Matthew 19:16-22). It is not being religious; the Athenians pagans were religious, but missed the way (Acts 17:22, 23). Christianity is a way of life based on Christ's love. If anyone is to be a Christian he must walk that Way. It is not just what you believe, but how you live that makes the difference. (See Matthew 7:21).

SEEDS FROM THE SOWER

By Michael A. Guido, Pastor, Georgia

Looking for slippers? Try these on for size.

An ad reads, "You can walk through darkened rooms without the risk of tripping with our built-in headlight slippers. Batteries are pocket sized in the back. The lights are turned on or off by wiggling the big toes."

But long ago one discovered something better than a light for slipping: it is a light for seeing. He confided in Psalm 119:105, "Thy Word is a lamp unto my feet, and a light unto my path."

The Bible delights with development. Just as the flower can never blossom without the sunlight, neither

can our lives flower with grace and beauty until they are irradiated with the light of the Bible.

The Bible dispels the darkness. Often we find ourselves "in the dark." We wonder, "Why am I here? Where am I going? Which way shall I take?" The Bible has the answer to all our questions, the solution to all our problems.

The Bible delivers from dangers. The Psalmist said, "I came so close to the edge of the cliff. My feet were slipping. I was about to fall. What saved him? He said to the Lord, 'Your counsel.' He used this lamp. I am using it. Are you?

insight

by Larry Swaim

RIGHTLY DIVIDING THE WORD

"Dear Mr. Swaim: I have friends who tell me that I should read the Old Testament. I don't like to do that. I don't like the Old Testament. I'm not getting much out of it. It's difficult to read and understand."

I can't disagree with you that the Old Testament is difficult to read, especially some parts, but it is one of the most profitable studies one can make. It does require in-depth research. A superficial study will not do. I would advise you to first master the New Testament. You would be amazed at how it opens many doors of understanding. This can be applied to your Old Testament study.

But the law and the prophets pointed forward to Christ. Christ is revealed in prophecy in numerous places in the Old Testament. He is the sacrificial offering in Israel's ritual of worship referred to in John 1:29. In the book of Exodus, the Israelites were told to sprinkle the blood of the lamb on the door post and thus came the angel of death to pass over their first born. This prefigure lamb represented Christ is the prophet foretold by Moses, the seed promised to Abraham by which the earth would be blessed, and the everlasting king promised to David from his descendants, and the Messiah described by the prophets. The entire Bible speaks of Christ. As someone said, the New Testament is concealed in the Old. So the Old Testament is revealed in the New.

For a confidential and Biblical answer to your questions, write to Larry Swaim, 3615 Fernside Dr. Leon Avenue, NE, Atlanta, Georgia 30306.

Listen to That Still Small Voice

Almost every day, you entertain a strong desire to go somewhere or do something that may be questionable in nature. But, that still small voice says, "No, that's not for you." Listen To That Still Small Voice.

Almost every day, you feel an urge to help someone help himself or herself. But you just don't have the time. And that still small voice says, "Go ahead. Find the time. You'll find happiness, too." Listen To That Still Small Voice.

Almost every day, you're sorely tempted to say something in the heat of irritation or frustration. But, that inner, better you switches the signal and seals your lips. Listen To That Still Small Voice.

Almost every day, you have occasion to speak out for the right. But, you're cautious.

You don't want to get involved. And then the still small voice overrules your caution, and opens your mouth. Listen To That Still Small Voice.

You can believe in your better, inner self. Your Creator gave you a conscience. Your folks nurtured and shaped it, when they taught you right from wrong. You yourself strengthened it, when you resisted temptation, and insisted on consecration. Listen To That Still Small Voice.

As you move through life, you'll realize that your inner self is never really still nor small. It whispers right from wrong with every breath, and grows as you grow to serve mankind.

You'll hear it loud and clear at your place of worship this week.

Has Four Stops

BELLE GLADE - The Belle Glade area mobile aluminum recycling unit has 4 stops scheduled at City Park, 500 W. Canal Street during September. The area brought in 362,606 all-aluminum cans last month, for which Reynolds Metals Co. paid out \$2,224.40. Reynolds pay 15 cents per pound for all-aluminum cans on Thursdays, Sept. 5, 12, 19 & 26 from 1:00 p.m. till 2:30 p.m. at City Park.

Area residents are urged to separate all-aluminum cans and other household aluminum scrap from their refuse, said Paul Hayden, Reynolds regional recycling manager. "It doesn't take long for a household to accumulate all-aluminum beverage cans, and at the redeemable rate of 15 cents per pound, it's quite worthwhile for a family to save the aluminum scrap," Hayden added.

DAVE CLARK SEEKS ...fourth term in Dist. 81

Energy shortage? For a number of years it has been obvious that we as a nation have been in a difficult situation. Where does all the energy go? Transportation accounts for 25% of all our energy used. Transportation uses 50% of all the petroleum consumed. The solution for the future is the widespread use of electricity which in turn is produced by hydrogen or atomic fuels.

Seeking Fourth Term

General Motors has produced an automatic transmission that comes so close to producing the same kind of fuel efficiency as a straight stick that it's amazing. It will go into production a year from now and is set for the smaller powered cars.

Dave Clark is seeking his fourth term as a state representative as the voice of experience in District 81. Clark has been a leader in tax reform and voted for a \$20,000 exemption for the elderly.

With the speed limit set to remain at 55 mph for the next several years, will Detroit produce cars that can go 55 mph? No. New 16-cylinder engines coming next year will hit the 60 mph mark with plenty of power to spare. It's easier to raise the speed limit with the stroke of a pen, than it is to increase the horse power on a small, now underpowered engine. What about the states that officially go along with the 55 mph speed limit, but in no way enforce it? California has publically stated they will arrest anyone moving at even 55 mph. If you try to drive at 55 on Arizona highways, you'll be swamped from behind by little old grandmothers. Evidently matching highway funds, which is the bait for the states to set the limit, will no be touched for a while as Uncle Sam takes a closer look. Prediction: The 55 mph speed limit will be with us for at least ten years.

He has also voted to outlaw recreation and land leases in condominiums and will continue to fight for a strong bill of rights for condominium and mobile home owners.

The legislator, who is married, has five children; served on the Natural Resources, Insurance and Criminal Justice committees in the State House of Representatives.

In the legislature he co-sponsored a bill to increase the Public Service Commission from three to five members to enable the public to have better representation on the Commission and sponsored a bill for the employment of the elderly whereby the Department of Education would make a study concerning the hiring of senior citizens to work part-time in public schools. An attorney who practices in West Palm Beach, Clark was a former assistant U.S. District Attorney for the Southern District of Florida and a former Palm Beach County assistant county auditor and public defender. He also served on the North Palm Beach Village Council.

He is a graduate of Central Michigan College of Education and Stetson University Law School.

New Members Added

Dr. Cecil Conley, Executive Dean, Glades Center, Palm Beach Junior College, Belle Glade, has announced the addition of three new faculty members.

They are Dr. Wilbur W. Curless, West Palm Beach, Mrs. Gloria R. Gary, Stuart, and Alice Zacherl, West Palm Beach.

Dr. Curless, originally from Lafayette, Indiana, is a graduate of Palm Beach High School and PBJC, who received a B.S. in Biology from Stetson University.

The instructor earned a Bachelor of Divinity and a Ph.D. in Religion and Philosophy from Southern Baptist Theological Seminary, Louisville, Ky. Curless is completing a Master of Science in Parasitology from the University of Louisville.

While pursuing his advanced degrees, Curless taught in various Kentucky schools and universities.

In addition, he received several grants, one from the National Science Foundation as a research trainee at the University of Michigan Biology Station at Douglas Lake, Treston, Mich.

The instructor is married to the former Barbara Tousek of Clearwater, and the couple

has a daughter, nine.

Curless will teach General Biology, Health, and New Testament at Glades Center.

Mrs. Gary, born in Girard, Ga., attended PBJC for one year before receiving her B.A. in Speech Pathology and Audiology from Shaw University, Raleigh, N.C. and earned her Master's Degree in the same field from North Carolina Central University, Durham, N.C.

The new instructor is married to Willie E. Gary, and the couple has two sons age five and one.

Mrs. Gary, a member of the American Speech and Hearing Association and the North Carolina Speech and Hearing Association, will teach English at Glades Center, PBJC.

Miss Zacherl, a native of Clarion, Pa., received her B.A. degree from Clarion State and her Master's in Library Science from the University of Pittsburgh.

The instructor was a librarian for U.S. Steel before coming to Florida, served as librarian at Palm Beach Junior High School and assistant director, Division of Educational Resources, University of South Florida, Tampa.

Miss Zacherl is now head librarian at Glades Center.

Big 'Disney On Parade' Show For West Palm Beach Auditorium Soon

BIG LIVE SHOW—All the favorite Disney characters open the all-new "Disney On Parade" Fourth Edition proclaiming "How Day Do," it's Whacha Do With Whacha Got." The 2½-hour extravaganza appears at the West Palm Beach Auditorium, Sept. 24-29. Tickets are \$3.50, \$4.50 and \$5.50 with children 12 and under \$1.00 off on all performances.

Disney on Parade Coming Sept. 24-29

Mickey Mouse stars in the all-new and different Fourth Edition of "Disney On Parade" as the Sorcerer's Apprentice, a role that makes motion picture history, appearing at the West Palm Beach Auditorium, Sept. 24-29 for 9 performances.

The peak of Mickey's Golden Decade was the starring role in the feature, "Fantasia," 1940, a major artistic innovation from Disney. It interpreted music in colors, shapes, movement, and story.

The animation techniques, years ahead of their time, could never be matched again. "Fantasia" also introduced stereophonic sound, an element not employed by other studios until two decades later. The film received a Special Technical Academy Award.

Although Mickey Mouse appeared in 122 cartoons, "Fantasia" was the peak of his feature motion picture appearances.

In the opening production number of "Disney On Parade," the 2½-hour extravaganza, the characters flood the stage for a personal greeting telling the audience "How Day Do," and "It's Whacha Do With Whacha Got."

Among the characters showing what they've got are

Donald Duck with his inimitable "Squawk-talk" and waddle; the Big Bad Wolf who misleads the Three Little Pigs with his huffing and puffing but hits a birthday cake and candle dead center; that lovable chunky Power who usually ends up alone; Goofy who simply can't remember what he's "got," and Mickey Mouse.

Disney characters bring two carts on stage, one containing a rag doll in pieces and the second with four large children's blocks. The character stack the blocks and Mickey leaps from the tower of blocks by magic to greet the audience. And Mickey shows what he learned as the Sorcerer's Apprentice. With the help of the Disney characters they assemble the legs, arms, top and head of the rag doll. When Mickey throws his special magic dust in the air the giant doll comes alive to dance around the stage with Mickey. Again as in the film, Mickey throws more magic dust in the air and two giant brooms appear carrying water buckets. The doll and brooms turn the tables and it's Mickey who is chased off the live stage.

Among the many other characters appearing in the opening production number are Alice in Wonderland, White Rabbit, Tinker Bell, Daisy Duck, Pinocchio, Fievel Mousekewitz, Jiminy Glick, Goop, Snow White and the Seven Dwarfs and Evil Witch, King Lion, Winnie the Pooh, Eeyore, Toy Soldiers, and Mowgli.

Performances times are Tuesday through Saturday at 7:30 p.m. with matinees on Saturday at 10:30 a.m. and 3:00 p.m. and Sunday at 2:00 p.m. and 6:00 p.m.

Tickets are priced \$3.50, \$4.50 and \$5.50 with children 12 and under \$1.00 off on all performances. WPTV will sponsor opening night with all tickets half price. Tickets may be purchased at the Auditorium box office, Richards at the Mall and Sears Stores.

Tickets are available by mail by sending a self-addressed stamped envelope with check to "Disney On Parade," West Palm Beach Auditorium, 1610 Palm Beach Lakes Blvd., West Palm Beach, Fla. 33402.

Son Born

Mr. and Mrs. Herbert M. Giese (Lisa Threshold) of Belle Glade are proud to announce the birth of a son, Herbert Ryan, August 24, at Everglades Memorial Hospital.

The maternal grandparents are Mr. and Mrs. James T. Threshold; paternal grandparents are Mr. and Mrs. Milton W. Giese, both of Belle Glade.

Plegaria a la Virgen de la Caridad por Ernesto Montaner

Al celebrarse el próximo día 8 de la Virgen de la Caridad, hemos recibido en nuestra redacción esta Plegaria que publicamos en nuestra columna hispana. Esperamos que pueda ser del agrado de todos aquellos que la veneran.

Tomado de "El Virreinato".

Senora: Dulce Madre del Hijo Omnipotente, Tu que todo lo puedes, ilumina mi frente

para que mi palabra te llegue, sin demayo, cabalgando en el potro luminoso del rayo;

no a la parte del ala que mata y extermina, sino en la blanca: el ala que ilumina.

Dame tu luz, Oh, Madrel que es la luz que pedime para habitar de un reino que se llama y que tiene.

Madre: a un pueblo que sangra le hace falta tu luz porque es la misma sangre del Señor de la Cruz.

Escucha, Dulce Madre: la verdad transparente del toro río que nos cubre la frente.

Las doce campanas de un año que moria eran doce advertencias, del mostruo que vendria.

Eran doce rugidos de bronce, que en viento eran doce llamadas por el advenimiento.

del apotal mentido, del falso redentor: el corazón de Judas... las barbas del Señor.

Muy poco sabe el hombre de las cosas arcanas al decirle mentido de bronce en las campanas.

Ante sorprende el mostruo que ante todos asoma y tras sobre los hombros una blanca paloma.

Hombres mercederos del ruin escarabajo, jemas una paloma se ha posado tan bajo!

Ciegas, las multitudes le siguen con afán. Las multitudes no ven a donde van.

Buscan del paraiso perdido las virtudes. Oh, tragico espejismo para las multitudes!

Virtudes que quisieran hallar en "un encuentro", buscandolas "por fuera", sin buscarlas "por dentro".

Sin saber que las plantas se cubren de matices porque hay agua muy honda que banan sus raíces.

La Cruz, la Cruz aquella de la Crucifixion, representamos todos al amor y al perdón.

Haz el milagro, Virgen: irrumpe en las coruila como la ves aquella que surge en las olas.

Haz a los malos buenos. Y a los buenos mejores. Como haces en las sobras brotar las resplandores.

Que cuando tus bondades nos envuelven en luz eres mas Madre, Madre del Señor en la Cruz.

Para Informacion Publica Inmediata

El superintendente de Escuelas del Condado de Palm Beach anuncio hoy que los niños de familias de bajos recursos pueden obtener en el programa de desayuno (en las escuelas donde se sirva) o almuerzo gratis o a precio rebajado.

El programa de comida en las escuelas lo llevo a cabo el Departamento de Agricultura de los Estados Unidos en cooperación con el consejo de Escuelas del Condado de Palm Beach.

Bajo las normas establecidas por el Departamento de Agricultura de los Estados Unidos (U.S.D.A.), para que una familia de cuatro miembros pueda disfrutar de desayuno y almuerzo gratis, el ingreso total de la familia no debe exceder de \$4,610 al año.

Para que una familia de cuatro miembros pueda disfrutar de desayuno y almuerzo a precios rebajados, el ingreso total de la familia no debe exceder de \$7,890 al año.

La tabla siguiente muestra las normas para participar en ambos programas:

Miembros de familia	Gratis	Precio Rebajado
1	\$0-2,330	2,331-4,000
2	0-3,060	3,061-5,350
3	0-3,790	3,791-6,830
4	0-4,510	4,511-7,890
5	0-5,180	5,181-9,060
6	0-5,850	5,851-10,240
7	0-6,450	6,451-11,290
8	0-7,050	7,051-12,340
9	0-7,610	7,611-13,320
10	0-8,150	8,151-14,260
11	0-8,690	8,691-15,210
12	0-9,230	9,231-16,150
Cada miembro adicional	540	940

Las familias cuyos ingresos sean mayores que los expresados en la tabla anterior pero que debido a costos excesivos de medicinas, viviendas (mas del 30% del ingreso), gastos adicionales para condiciones físicas o mentales de algún niño sirviesen situaciones difíciles, deben aplicar.

Las oficinas de administración central y cada escuela poseen copias de las reglas completas que pueden ser examinadas por cualquier persona interesada.

Para mas informacion: Jane Lansing, Director School Food Services 685-0050, ext. 295.

Nuestra ciudad esta creciendo. Mantengala asi. La ciudad de Belle Glade y Earl Armstrong necesitan sus votos y respalde para comisionado de la ciudad.

★★★★ Wendell Phillips 1852 ★★★★★

OLD GRIST MILL

This is basic America, built on a solid foundation of rock, steel and iron. A beautiful grist mill, deep in the very heart of America, has withstood the ravages of time for over one hundred years—only because it is not in the path of man's stampede of destruction in the name of progress. Of course, America needs to grow, expand and improve, but let us not forget the foundations on which America was built. This mill has been and is still run on water power from a nearby spring. The clear water, flowing from deep in the good earth, has never failed to furnish the power needed by this mill to do its chores for the people throughout the years.

The American people are the spring from whence the power flows that moves America forward. Let no true American do anything to impede that flow. SUPPORT AMERICA!

Our problem today is not the lack of the United States, it is the lack of the American spirit. It is the lack of the American spirit that is the cause of our problems. It is the lack of the American spirit that is the cause of our problems. It is the lack of the American spirit that is the cause of our problems.

One of 90 Chosen

Miss Carolyn J. Pelka, of South Bay has been accepted at Pensacola Christian College, as one of 90 students in its first year of operation.

Pensacola Christian College opened its doors Tuesday to the members of its first student body. The four-year liberal arts school, located on Lawson Lane, welcomed 90 students hailing from 20 states.

Dr. A. R. Horton, college President, said that the opening of the college marked an epic milestone in the history of Pensacola Christian Schools. This year represents a growth from a three-room schoolhouse to an enrollment of over 3,000 students in levels from kindergarten to college.

In addition to the daytime schedule, the college will offer an Evening Division with registration set for Thursday at Pensacola Christian High School of St. John Street at 6:00 to 7:30 p.m.

Although the college is starting with freshman and sophomore year groups only,

the junior and senior classes will be added during the next two years. The first graduates will be the class of 1977.

The first units of the college campus consist of an ultra-modern residence hall with adjoining classroom complex. They boast all of the finest features of small college design.

The requests for enrollment from many states totalled well over 100. Although Florida is the most represented state in the Union, students have arrived from all parts of the country from California and Washington to Virginia and the Carolinas.

Vice President of the college is Mr. A. A. Baker, Dean of the College is Mr. Ronald S. Godwin, native Pensacolan. Dr. Max Barnes is the Dean of Students.

Present construction on the college represents a half-million dollars. A similar expenditure is planned for the near future.

MISS RENIE JO LANE BECOMES BRIDE OF GARY M. CREWS
...couple wed in ceremony at First Baptist Church of Belle Glade Aug. 10

Lane-Crews Say Vows

Miss Renie Jo Lane became the bride of Gary M. Crews in a double ring candlelight ceremony Aug. 10 at the First Baptist Church in Belle Glade, with the Rev. Ray Stedham officiating.

The bride is the daughter of Mr. and Mrs. Charles C. Lane of Belle Glade. She is a '73 graduate of Christian Day School and a member of the Nu Kappa Chapter of Beta Sigma Phi.

The bridegroom is the son of George M. Crews and the late Laura M. Crews of Belle Glade. He graduated from Belle Glade High School in 1969 and served two years in the Marine Corp-one year in Vietnam.

Given in marriage by her father, the bride wore a full length gown of white crepe and chiffon with a scoop neckline and long sleeves. Alencon lace was embroidered at the waist and on the sleeve cuffs. The full length veil was attached to the bridal crown of auvergne brooches and seed pearls. She carried a cascade bouquet of miniature white carnations and orchids.

Mrs. Kirby Norman, sister of the bride, served as matron of honor. She wore an A-line dress of orange chiffon over

crepe, with a cape collar, and carried a garden bouquet of orange carnations, marigolds, daisies and baby breath.

Mrs. Mike Day, sister of the bride, and Mrs. Ken Lesiter were the bridesmaids. Little Nicky Day, niece of the bride, was flowergirl. Their gowns and flowers were similar to that of the matron of honor. All wore large straw white hats with a band of orange chiffon.

Kirby Norman, brother-in-law of the bride, served as best man. Charles Thompson, Danny Shiver and Barry Graber were ushers and Chuck Lane, brother of the bride, was junior usher.

The mother of the bride chose a teal blue, full length dress with long sleeves for her daughter's wedding. Mrs. Crews wore a full length yellow dress with matching jacket. Both wore corsages of orange carnations and tiny rosebuds.

The altar was decorated with a setting of palms, candelabras and a large arrangement of orange carnations, gladioli, white nana and baby breath. The program of nuptial music was presented by Mrs. Helen Youngblood, organist, who played traditional wedding selections and accompanied Mrs. Ray Stedham, as she sang "The Wedding Song," "Love is a Many Splendored Thing," and "The Lord's Prayer."

Following the ceremony, a reception was held in the church Social Hall. Assisting with the reception were Mrs. Warren Battle, Mrs. Herbert Priest, Mrs. Robert Edens, Mrs. Douglas Lockhart, Miss Cathy Battle and Miss Debbie Vaughn. Mrs. Robert Carter kept the bride's book.

Tomato Committee To Meet

Chairman, Rudolph Mattson has scheduled a meeting of the Florida Tomato Committee to convene at the Holiday Inn, Belle Glade, Florida, on Wednesday, September 11, 1974, at 1:30 P.M.

The purposes of this meeting will be to approve a marketing policy and recommend initial regulations for the 1974-75 season, along with any other business that might properly be brought before the Committee.

All interested persons are invited to attend this important committee meeting.

Scientist Promoted

A scientist from the Belle Glade Agricultural Research Center was promoted to the rank of associate professor at the University of Florida's College of Agriculture. Dr. Kenneth R. Tetterill, vice president for agricultural affairs, recently announced.

Dr. Thomas A. Zitter is currently working at the research station on virus diseases of vegetable crops, attempting to identify strains of vegetable viruses and develop breeding lines to form a resistance to these viruses.

In announcing the promotion of Zitter, Dr. Tetterill said the experiment station is extremely pleased with the contributions to agriculture made by this individual.
